Hi Molly,
The letter was mailed to Mr. Houston Ezell in Jackson, MS on August 20. I'll see if I can find a PDF copy of the letter I can send you for your convenience.

I just saw a copy of the draft letter this morning. It is addressed to Mr. Houston Ezell in Jackson, Mississippi. I normally don't get a copy of the final letter when it goes out, but I'll ask Mr. Eppler to provide me a PDF copy so that I can then forward it to you.

Hi Molly,

EPA Region 6 is processing a letter to Ergon that should include a copy of an unreconciled cost summary package. As soon as I hear that it went out, I'll let you know.

Yes, the unreconciled cost summary indicates a little over \$240,000 in costs incurred as of June, 2018.

Hi Molly,

I had spoken with the Cost Recovery Officer about that just last week. Given the time lapse, I'm guessing all contractor costs, if any, should have already been turned in. So we should have a more accurate picture of past costs incurred. I've asked the Cost Recovery Branch for a cost summary. I expect we should have it within the week, at which time we'll discuss with the Branch Managers on next steps. I'll get back to you then.

Best regards,
Ed Q.

Ed,

Happy Summer. Remember the Ergon matter? We understood that EPA might claim response costs related to the water issue. Where is the agency on that claim?

Best, Molly
